Homegrown Design Agency Q-Plus Design Pte Ltd wins pinnacle Platinum Award of New York-based Graphis 100 Best Annual Report 2011 for SGX-listed DMX Technologies Ltd Annual Report

Q-Plus was only one out of six Platinum winners among thousands of entries from all corners of the globe; Graphis Award is regarded as benchmark for annual report design

Singapore, 15 February 2011 – Singapore's Q-Plus Design Pte Ltd has picked up top honours at this year's Graphis 100 Best Annual Report 2011 for its design work for SGX-listed DMX Technologies Group Limited Annual Report 2009. Q-Plus earned the Platinum Award, the most prestigious accolade given out by New York magazine and book publisher Graphis Inc., edging out thousands of entries worldwide.

Only six Platinum Award winners were chosen this year; the agency also won a Silver Award for its work for another SGX-listed company, ecoWise Holdings Limited Annual Report. Past winners include annual reports for global brands such as IBM, The Coca-Cola Company, Quicksilver and the Samsung Group.

Mr Dillon J., Q-Plus Creative Director, said, "As one who had grown in the creative profession using the Graphis Annual Reports Annual as an essential key reference point, to win the pinnacle Platinum Award is truly a humbling and gratifying experience for the Q-Plus team; it makes the learning years extremely meaningful.

“The Graphis Award brings together the best of the world’s annual report by pushing the boundaries of contemporary design. Unifying the client’s message with compelling design artistry that set industry trends for the global annual report market is something we strive for in our works,” he added.

Ms Jismyl Teo, DMX Technologies Chief Executive Officer said, “We place a high degree of importance on the look and feel of our Annual Report, as we view it as an important medium of communication with our shareholders. While the integrity of the facts and figures underlines and encapsulates our corporate governance regime, the design elements capture the essence of the key messages in a creative and progressive fashion.”

Mr Dillon J. added, “From Day One of working with DMX, we had been entrusted to create a thought-provoking and insightful document. This degree of trust has transformed into works that embody the company’s dynamic character whilst speaking to its stakeholders in an intelligent manner that enhances its corporate reputation.

“It is our belief that often the best product is the result of effective dialogue with the decision maker, combined with mutual respect and trust between client and agency. It may take just five minutes of discussion but it goes a long way in producing the right work that everyone including shareholders is happy with,” he asserts.

Each year Graphis Inc. invites leading professionals across the photography, illustration and graphic design communities to be considered for inclusion in their annual books in each of these visual art fields. Among the thousands of submissions, the Graphis jury selects the most compelling work of the year in each category. Selected artists are featured in the hardback Annuals and awarded the Graphis Platinum, Gold and Silver awards.

In addition to *Graphis Annual Reports Annual*, Graphis also publishes hardback annuals including *Graphis Design Annual*, *Graphis Advertising Annual*, *Graphis Photography Annual*, and *Graphis Poster Annual*.
